GOD ONLY KNOWS WHAT DEVILS WE ARE: AN APOPOLOGIA FOR THE BLACK BLOC FROM THE COMMUNITY OF THOSE WHO DO NOT HAVE A COMMUNITY.

NONPOLITICS ANARCHISM, BLACK BLOC, CAPITALISM, MARXISM, NON-FUTURE

What they find so disturbing about the black bloc—the contagion of an anonymous collective force—is precisely why and how it continues to outlive every social movement from which it emerges. These generations—we who fantasized about Columbine and now only know metal detectors at school; we who expected September 11 and now only know the politics of terror; we who grew up as the world crumbled all around us and now only know the desert—we need to fight, and not just in the ways our rulers deem justified and legitimate.
